

## City Link, Salford, M50 1DH

**£580 Per calendar month**

You've got it, there are links to the City! City Link in days gone by was an old bus depot in a somewhat industrial area, fast forward to now and you have a modern development with trendy apartments and people on the cusp of the ever popular Salford Quays. The location is awesome, you have the metro link running right by which is super handy to dart into the Quays or Manchester City Centre, the M602 is close by allowing for easy access to surrounding areas and there are good bus routes along Eccles New Road. Basically this is ideally located for transport routes. Now let's chat about the apartment, it's sat on the ground floor of the building and has an open plan living area that has french doors opening out, giving this a bright modern feel to the room, there is a fully equipped kitchen, two double bedrooms (yes both are doubles) and a pleasantly sized bathroom. As with most developments these days you have secure entry and a parking space included. This is a great rental, at a great price in a great location.

**AVAILABLE NOW! \*FEES APPLICABLE PLEASE CONTACT THE OFFICE\***
